

Restaurant & Hospitality Support

An Entrepreneurial Spirit

The industry is constantly challenged by dramatic and economic circumstances. We work with you to provide a customized level of accounting services to help your restaurant maximize profit potential. We review your accounting process to ensure you are capturing the level of detail needed to monitor costs, waste and help establish pricing strategies.

Accounting, Payroll & Financial Reports

We will work shoulder to shoulder with you to keep you compliant and informed. Providing financial statements, coordinating payroll, and tracking your key performance indicators. We can begin with an assessment of your accounting department and determine how we may be able to help you.

Taxes

Comprehensive tax planning for your business and personal needs, including multi-state tax issues, payroll and sales tax, estates, trusts, inheritance issues, and other tax needs as they arise.

Advisory

We provide objective feedback so that an owner has a clear understanding of their business. With this feedback, you can consider all your possible goals, which may be working less or aggressive growth. We show you all the aspects of a potential situation so that you can achieve the best possible outcome.

The Next Step

Call us to schedule time with our professionals to learn more. We can be reached at (316) 721-9020.

"Hands On" Industry Experience

Our Managing Partner has decades of experience in the restaurant business. We understand the challenges facing the industry and work through them with all of our clients.

- Detailed service line reporting
- Inventory costing & waste reduction suggestions
- Pricing strategies
- Tax incentives
- Start-up and growth issues
- Tip reporting and compliance

Start with an Accounting Assessment

Accounting systems create the information needed to make decisions on your business. Let us start by understanding your objectives and the obstacles you may be encountering. If needed, we can conduct a more detailed review of your accounting systems and processes to make suggestions on how to refine efforts and increase the value of company.
